## Innsbruck Convention & Exhibition Centre – success is in our nature

The city of Innsbruck and its Convention and Exhibition Centre combine international standard with Tyrolean charm and stand for the unique symbiosis between nature and pulsating city life.

Situated right in the city centre and only minutes away from the airport, Congress Innsbruck offers 15 meeting rooms for up to 3,000 people and, since its merger with the fairgrounds Messe Innsbruck, 9 exhibition halls totalling 40,000 sqm of exhibition space.

In January 2007 the latest expansion of our offer opened its doors – congresspark igls, an exclusive event venue for up to 300 persons in a picturesque mountain village near Innsbruck.

The services offered by the experienced and professional team of Congress & Messe Innsbruck include the in-house PCO Tyrol Congress and the medical exhibition company med.ex, which guarantee a one-stop-shop upon request of the client. Combined with the centre's stunning setting in the heart of the Alps, this quality in service is the reason why Congress Innsbruck was awarded the title "World's Best Conference Centre" in 2001 and ranked 2nd in 2005.

Come to Innsbruck and Igls – we are happy to help!

halls/rooms	area in sqm	length / width / height in m	theatre	classroom	U-style	banquet
Hall 4 (exh.)	3.011	79 / 42 / 9	2500	1200		1500
